

You are invited to a series of Therapeutic Conversations

Our focus topic will be chosen as a group in the first session

In a group facilitated by some of our advanced therapists and new learners, we will explore the experiences that are holding us back and how we can best move forward.

By joining group therapy, you will have a chance to meet some of our therapists, see the clinic space, interact with other members in our community, and find out more about **Feminist Narrative Therapy**.

We hope that you will find this a supportive experience.

Duration: 8 Weeks, April 11th – May 31st

Cost: \$10 per session (\$80 for 8/ payment plans available)
